

This Week in Science: # 32

Name:

Dates:

Monday:

Activity: Review for Evolution Test

Learning Target: I should be competent in all of the learning targets from the unit of study

Conceptual Question: What do I still not understand?

What's Due: Evolution Test Review and all Conceptual Questions from TWIS #26-31

Tuesday:

Activity: Evolution Test

Learning Target: I will demonstrate my wickedly extensive and accurate knowledge of evolution

Conceptual Question: What have you learned?

What's Due: Nothing

Wednesday:

Activity: Earth in Space: Inquiry 1.1: Thinking About Earth as a Planet

Learning Target: I will share what I know about Earth.

Conceptual Question: What do I know about the Earth in space?

What's Due: Nothing

Thursday:

Activity: Finish Inquiry 1.1: Thinking About Earth as a Planet

Learning Target: I will share what I know about Earth and develop a list of questions about what I want to know.

Conceptual Question: What do I know about the Earth in space? What do I want to know?

What's Due: Nothing

Friday:

Activity: Earth in Space: Inquiry 2.1: What We Know About Sun-Earth-Moon (SEM) System

Learning Target: I will examine and compare the diameters of the Sun, Earth, and the Moon as well as their distances from one another.

Conceptual Question: What have you learned about the Sun, Earth, and Moon?

What's Due: TBA
